

Workshop

**Shared perspectives upon emergent forms of urban
densification in Asia: issues of access to resources
(services, housing, employment and land).**

Programme

13th-16th November 2017

Hanoi Architectural university

Workshop

Shared perspectives upon emergent forms of urban densification in Asia: issues of access to resources (services, housing, employment and land).

IRD & Hanoi Architectural University

Venue: Hanoi Architectural University- 13th to 16th November 2017

Programme

13th to 14th November : presentations

Introduction

Joshua Benjamin Solomom, (Indian Institute of Technology Madras, India), « Analytical introduction on the different categories (Western and Asian) used by Asian scholars to capture the specificity of urban dynamics in their own countries ».

Periurban areas, industrial corridor and linear urbanization along roads

Rémi de Bercegol (Geographer, CNRS/India) & Nguyen Thai Huyen (Urbaniste, Hanoi Architectural University/Vietnam) : « Eviction of informal waste pickers in urban marging/conflicts of interests with metropolitan policies (India, Vietnam) »

Olivier Telle (Geographer, CNRS/India) & Le Viet Thanh (Geographer/Pasteur Institute/Vietnam) : « Increasing fragmentation of outbreaks management and policies according to type of towns and actors in India and Vietnam »

Trần Khắc Minh (Geographer, PhD student, University Paris 1/UMR Prodig/Vietnam)/ Joshua Benjamin Solomom, (Indian Institute of Technology Madras, India) / Wong Kit-Ping Tammy (Hong Kong Baptist University) : « Territorial and land regulations/policies in urban villages and periurban areas : a comparative study in Indian, China and Vietnam »

Christophe Jalil Nordman (Economiste,IRD/IFP, India)/ & Laure Pasquier (Economiste, IRD/Vietnam): « Urban density and social embeddedness: which link?case in India and Vietnam »

Clément Musil, (Urbaniste, Vietnam) & Remi Desmouliers (Geographer, PhD student, University Paris Diderot, Indonesia): « Networks expansion of public transports and minibus services to the margins of metropolis: contraction of markets, adaptation and negociation (Jakarta and Hô Chi Minh Ville) ».

Etienne Monin (University Aix Marseille) & Nguyễn Tuan Anh (Vietnamese Academy of Social Sciences) « Farming on the fringes: farming and not farming in Hanoi's and Shanghai peri-urban villages' »

Van Quang Trang (University of Economic and Law, Hô Chi Minh City, Vietnam) & Carine Milcent (CNRS, French Centre for Research on Contemporary China) « Health insurance for migrants in China and Vietnam : a new issue in periurban areas»

New urban areas and Special economic zones and issue of integration of periurban villages

Douglass Mike, Urban Planning, (Asia Research Institute, NUS), « Rashomon Redux – Gated Housing Enclaves and New Towns in Peri-urban Asia »

Labbé Danielle, (Urbaniste, Institut d'urbanisme, Université de Montréal, Vietnam) & Ratoola Kundu ? (Centre for urban Policy and Governance, School of habitat Studies, Tata Institute of social

Sciences in Mumbai) : « Integration of Gated Communities and urban villages through the use of basic services and local markets: peripheries of Kolkata and Hanoi. »

Tran Minh Tung, (Urbaniste, Hanoi Architecture University) & Peyronnie Karine, Geographer, (IRD/Prodig): « Housing construction and land access in New Urban Areas around Hanoi (Vietnam) and Vientiane (Laos)».

Nguyễn Hiệp, architecte, Pham Thi Thanh Huong (PhD student, HAU) & Dr. Shih-Shen CHIEN, (professor in development geography Taiwan university) « Urban land speculation, stakeholders conflicts and emergence of « ghost town » in Vietnam and China.

Non statutory small towns and large villages, clusters of craft villages

Denis Eric (Geographer, CNRS, India) : « Subaltern Urbanisation in India and lack of access to basic services and resources» & Fajar Hari Mardiansjh, lecturer for Department of Urban and Regional Planning, Diponegoro University in Semarang, Central Java, (Indonesia) “The Growth of Non Statutory Small Towns in the Periurbanisation of Secondary Metropolitan Areas in Java: Challenges and Opportunities in Urban Services Provision”.

Samanta G. / Kiran Kumar Roy (University of Burdwan, India) & Stéphane Milhaud (Bureau d’Urbanisme, Groupe 8), « The development of small cities in India and China : a comparison of governance, infrastructure and services ».

Shubhagato Dasgupta (CPR, India) & Luisa Moretto (Université Libre de Bruxelles) : « Beyond the sanitary, networked metropolis: Understanding Sanitation drivers in smaller cities in India and Vietnam»

Fanchette S. (Géographe, IRD/USPC, Vietnam) & Vijaya Baskar, (MIDS, India), “Political Economy of Small firm based Industrialisation, Technological Change and Regional Development in India and Vietnam”.

Yves Duchère (Géographe, CEPED) « Job creation in craft clusters : entrepreneurship issues for local development in Vietnam highly dense rural areas ».

Slums and deteriorated down-town eviction and gentrification

Dupont V. (Demographer, IRD/Cessma, India) « From low-rise high-density informal settlements to high-rise high(er)-density socio-economically mixed neighbourhoods: slum redevelopment projects under public-private partnership in Indian metropolises “ & Pham Thai Son (Vietnamese-German University , Binh Duong) “Housing policies for the poor in Ho Chi Minh City”

Nguyen Leroy Marie-Lan (Law, Institut des Métiers de la Ville, Vietnam) & Clerc Valérie (architecte urbaniste, IRD, Cessma, Myanmar): « Cross-effects of densification and urbanization: land markets and urban policies towards precarious settlements in Yangon (Myanmar) and Hanoi (Vietnam) »

Emmanuel Cerise (Architecte, Institut des Métiers de la Ville de Hanoi) & Maksudur Rahman (Prof Geography, University of Dhaka) “gentrification of Old Center town, land and housing issues in Vietnam and Bangladesh”

Urban villages

Nguyễn Van Suu (Department of Anthropology, University of Social Sciences of Vietnam, Hanoi) & Naik Mukta (Architecte, CPR, India)/ Kimberly M Noronha : « Understanding densification processes through the nature of rental agreements and contracts in Gurgaon’s urban villages. The case of Hanoi of Vietnam and Urban villages »

Tran Mai Anh, (Ho Chi Minh City Architectural University) & Cho Im Sik (Department of Architecture, School of Design and Environment, NUS), « Comparative studies of urban villages in Hanoi and Seoul: Emerging forms of housing, urban practices, and planning issues »

Zérah MH.(urbaniste, IRD/India) & Sweta Cess, « Plugging the gaps in urban sanitation: The economy of informal septic tank emptying service in an urban village of Delhi »/ Paramita Rahayu, lecturer Sebelas Maret, Department of Urban and Regional Planning University in Surakarta (Indonesia) "Towards spatial equity for clean water provision: A comparative study of slum and non-slum neighborhood's access for water in a densely secondary city of Surakarta Indonesia".

15th November : Methodological questions from the study of emerging forms of urbanisation.

- Eric Denis (CNRS, Géocités): Presentation of the eGeopolis method for studying morphologic urbanisation of towns over than 10,000 inhabitants
- Terry Mc Gee (Department of Geography, University Vancouver): presentation of a holistic and ethnographic approach that uses case studies to measure and locate diffuse urbanization in the *desakota*
- François Carlet-Soulage (Noi Pictures, photographer Hanoi): presentation of how drones pictures can help to make typologies of emergent forms of urban densification and to locate them.

Meeting for setting up the research program (research questions, methodology, fund raising, PhD training...)

16th of November : Two field trips in two teams with the participation of resource people on the spot:

- Peri-urban territories
 - A Khu Do Thi Moi (one of the new urban areas = gated communities)
 - Cluster of large villages, industrial clusters,
 - Dormitory village near industrial zones
 - A small administrative town
- Territories in the city
 - Villages in the city (the case of My Dinh): a dormitory village for migrants
 - The neighbourhood outside the Long Bien dyke: shantytown and hidden houses for the day-workers at Long Bien Market
 - Quang Ba, former kumquat tree village in the first ring of the city's suburbs, which profited from its status as a market garden village and its location on the shore of West Lake to convert itself into an upmarket neighbourhood aimed at expatriates.

During the symposium :

exhibition presentation of work by architecture students

- Exhibition of scale models, photos and drawings from the Recycling Project for Waste from Hanoi and Delhi
- Launching of Vietnamese version of "Hanoi a metropolis in the making" (S. Fanchette, eds)

The public: researchers, teachers, students and planning professionals

Languages : English and Vietnamese

Partners and participants

France

IRD : Institute of Research for Development (France)

CEPED : Center of Population and Development (IRD/University Paris Descartes University (USPC)

CESSMA : Research Center for Social Sciences on Asian, African and American Worlds (Paris Diderot University/USPC, IRD, INALCO)

CNRS : The French National Center for Scientific Research

IMV : Institut des Métiers de la Ville in Hanoi, The Cooperation Center for Urban Development in Vietnam

CEFC : French Center for Research on Contemporary China in Hong Kong

Canada :

Université de Montréal, Institut d'urbanisme

University of Vancouver, Department of Geography

Vietnam

HAU : Hanoi Architectural University

Local Economic Affairs Direction of Central Economic Commission

Department of Anthropology, University of Social Sciences of Vietnam, Hanoi

University of Economic and Law (Ho Chi Minh City)

Ho Chi Minh City Architectural University

India :

CPR : Center for Policy Research (Delhi),

University of Burdwan (West Bengal),

Institut Français de Pondichery

ITT : Indian Institute of Technology Madras

MIDS : Madras Institute of Development Studies

Asia (other)

Hong Kong, (Department of Geography, Hong Kong Baptist University)

National University of Singapore

Indonesia : Department of Urban and Regional Planning, Diponegoro University in Semarang

Taiwan University, department of Geography.

University of Dhaka, Department of Geography.
