[Reference 1] Original Document/Notarized Translation

· Original Document

- A document issued for the first time in the issuing institution, with an autograph of the person in charge or official seal.
- When submitting a copy of the original document due to reasons such as not being able to reissue the original document, applicants must submit it with an explanatory statement.

· Original Document with Notarized Translation

- An original document translated into Korean or English by authorized notary office and having a notarization seal.
- If the original document is written in foreign language other than Korean or English, a notarized translation of original document should be issued and submitted along with the original document.

[Reference 2] Certification of Documents Proving Academic Background in accordance with the Apostille Convention

Apostille Convention

A multilateral agreement, which focuses on legalization by the issuing country of public documents instead of abolishing complicated certification procedures such as consular confirmation at foreign missions, reached to facilitate mutual certification of official documents among signatories to the Convention.

- ✓ Official Name: Convention Abolishing the Requirement of Legalization for Foreign Public Document
- ✓ Information on Apostille-related institutions by country: Go to www.hcch.net – Members & Parties – HCCH Members
- ✓ Applicants from Korean universities are not subject to certification related to Apostille convention and thus, must submit original document of official graduation certificate and transcript.

Applicants from universities in member countries

- ✓ Required Documents: Graduation certificate from the last level of education applicants completed & transcript
- ✓ Legalizing Institute: Institute authorized by the government of the country concerned
- ✓ How to submit: Submit an "Apostille confirmation" for the above documents issued by an institute designated by the government of the country concerned.
[Note] Apostille confirmation can be replaced with "Certificate of Overseas Educational Institution" or "Authentication issued from Korean Embassy/Consulate."

Applicants from universities in non-member countries

- ✓ Required Documents: Graduation certificate from the last level of education applicants completed & transcript (those from Chinese universities must submit a certificate of a degree as well).
- ✓ Legalizing Institute: Overseas Korean diplomatic missions in countries concerned (embassy or consulate)
- ✓ How to submit: Submit a "Certificate of Overseas Educational Institution" or "Authentication" for the above documents issued by the Korean Embassy/Consulate in the country concerned.

Note: Documents in a language other than Korean or English should be translated into Korean or English, and notarized.
